Dear Sirs,

Acceptance of Regs4ships as an equivalent to carriage of paper publications

This Administration accepts the Regs4ships electronic data provision as meeting carriage requirements of IMO International Conventions, Codes, UK M Notices and other relevant IMO, ILO and EU publications. This Administration also accepts the Regs4ships electronic data provision for Barbados Shipping Acts, Bulletins, Forms and Checklists, thereby cancelling the ship's requirements to carry these publications in hard copy.

This is provided that:

- All available amendments are promptly incorporated into the system.
- Vessels receive the latest available 2-monthly installation/back-up DVD and can use these on demand at any time within the ship's trading area.

Yours sincerely,

Captain Peter Green
Principal Registrar
