

O/Ref. : CAM/BB/105915

To whom it may concern,

This is to confirm that for the Luxembourg Maritime Administration (CAM) the mandatory carriage requirements of relevant Luxembourg legislation and circulars available on the administration's website, as well as IMO publications (such as Conventions, Codes, Resolutions and Circulars), European Directives and the Maritime Labour Convention, 2006 maybe validly provided electronically, inter alia, through the "Regs4ships Digital Maritime Regulations" online subscription system and/or by means of up-to-date DVDs for vessels.

This recognition remains valid as long as all available amendments are promptly incorporated into the system.

The English translations of the original legislation in French are to be considered "for information only" and only the original texts remain legally binding.
