

ST. VINCENT AND THE GRENADINES

MARITIME ADMINISTRATION

Doc.No. DA 021110/0-005

DOCUMENT OF ACCEPTANCE

MSC-MEPC.2/Circ.2 - IMO Requirements on Carriage of Publications on Board Ships and the Saint Vincent and the Grenadines Circular GEN 006 as amended

In accordance with MSC-MEPC.2/Circ 2 the publications on board ships may be in an electronic form media.

Notwithstanding the above, and bearing in mind that the publications for emergency use are to be readily available without being limited to the availability of a computer or being placed in a specific area, the International Code of Signals and the International Aeronautical and Maritime Search and Rescue (IAMSAR) Manual should always be available in hard copies.

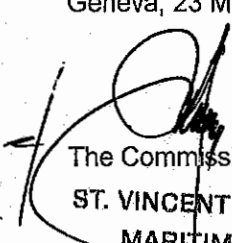

Saint Vincent and the Grenadines Maritime Administration accepts Regs4ships and Regs4yachts' digital products as the electronic equivalents which meet the requirements of the Circular GEN 006 in respect of the carriage of publications subject to the following conditions:

- This data should be permanently available on the navigation bridge or chart room along with the associated computer required to run the Regs4ships CD or DVD;
- Computers and back up arrangements should comply with MSC/Circ.891. Vessels using the Internet version as their primary mode for access must also carry the 2 monthly CD-ROM as back-up.
- For the purpose of review and evaluation, one username and password as well as one copy of the CD-ROM product and all updates will be furnished to Saint Vincent and the Grenadines Maritime Administration, free of charge, for full access to the entire website.

This document is not exclusive; therefore Saint Vincent and the Grenadines Maritime Administration reserves the right to publish the material and authorize others to do the same.

Subject to the conditions, this Document of Acceptance shall remain valid for 12 months from the date of validity of the previous document i.e. until **29 April 2018** unless it is withdrawn, or altered, for any reason, before that date.

Geneva, 23 March 2017.
