Attn. Mr. W. J. Payne

Dear Mr. Payne,

Sub. : Digital Admiralty Notices to Mariners

The Bermuda Registry of Shipping recognises the ChartCo electronic courier service as satisfying the carriage requirements for Admiralty Notices to Mariners, under the Merchant Shipping (Carriage of Nautical Publications) Rules 1980 and Regulation 20 of Chapter V of the International Convention for the Safety of Life at Sea 1974, as amended. This recognition is applicable to Bermuda registered ships and those ships calling at Bermuda.

Provided a suitable back up arrangement is in place to ensure that digital Admiralty Notices to Mariners are always accessible, including the ability to print coloured correction blocks, there is no requirement to carry the weekly paper Admiralty Notices to Mariners. This recognition is relevant to the ChartCo system as available at 1st January 1999. Any modifications to the software or service will have to comply with the criteria for use as defined by the UKHO in September 1998, otherwise this recognition will be rescinded.

A copy of this letter should be forwarded to each Bermuda registered ship, which is equipped with the system.

Yours faithfully,

John Mc Partland
Senior Nautical Surveyor
