Dear Dr Norris,

**CHARTCO SYSTEM COMPLIANCE.**

I am pleased to inform you that following the successful evaluation of the ChartCo service and positive feedback regarding the testing of the system on the trial vessels, we accept that the ChartCo Chart Manager system meets the success criteria as defined by the UKHO in September 1998.

The service is therefore designated as compliant for the use of Admiralty Notices to Mariners, Blocks and Tracings, in a digital form, for the management and correction of Admiralty paper charts only.

This agreement is relevant to the ChartCo system as available at 1 January 1999. Any later modifications to the software or service will also have to fully comply with the criteria for use as defined by the UKHO in September 1998 otherwise the compliance status will be rescinded.

Will you please sign below as acknowledgement of the above and return the signed copy to the UKHO.

Yours sincerely

  
JEAN THOMPSON  
Head of Contracts

Signed on behalf of ChartCo by:

Name:  (A.P. NORRIS)

Position: MANAGING DIRECTOR
