File 101050

Dear David Clayden,

The Danish Maritime Authority (DMA) has had the opportunity to try your product, "Regs4ships".

DMA recognises the "Regs4ships" as an electronic equivalent for the onboard carriage of SOLAS, MARPOL and STCW, plus Danish regulations in the English language.

This recognition is given on the basis that the Danish regulations and IMO Conventions incorporate the latest available amendments.

Danish ships must in addition to the conventions, regulations and guidelines in "Regs4ships" carry a few laws and regulations, which must be available on board in the Danish language for the benefit of Danish seafarers.
